SECTION 12 - DEPUTY MAYOR

- 12.1 Annually or more often as deemed appropriate, the members of the City Council, by majority vote, shall designate one of their members as Deputy Mayor for such period as the Council may specify.
- A. Any member of the City Council may be nominated for the position of Deputy Mayor by having that Councilmember's name placed in nomination by a Councilmember, provided that the name of the most senior member of the City Council who has not previously served as Deputy Mayor shall automatically be placed in nomination for the position of Deputy Mayor. [The nomination of a councilmember for the position of Deputy Mayor does not require a second, and a councilmember may nominate him or herself.]
1. For the purposes hereof, the most senior member of the City Council, seniority shall be determined by:
 - (a) The number of consecutive years, months and days served;
 - (b) If the number of consecutive years, months and days served by two or more members of the City Council are equal, the member of the City Council who received the greater/greatest number of votes in the most recent general election in which such members were elected to the City Council shall be deemed most senior.
 2. If the most senior councilmember declined the automatic nomination, the name of the next most senior member of the City Council shall be automatically be placed in nomination for the position of Deputy Mayor.
 3. If all members of the City Council have previously served as Deputy Mayor, there shall be no automatic seniority nomination.
 4. Other than for the automatic nomination of the most senior councilmember who has not previously served as deputy Mayor, all other nominations for the position of Deputy Mayor shall be made by members of the City Council on the dates of election for the Deputy Mayor position.
 5. In connection with the selection of Deputy Mayor, it is strongly suggested that councilmembers approach the election in an open, transparent and respectful manner, avoiding anything that jeopardizes harmony among councilmembers.

- B. The Councilmember receiving a majority of the votes cast by the members of the City Council shall be elected Deputy Mayor. A Councilmember may vote for him or herself.
- C. The names of all nominees for the position of Deputy Mayor shall be included in the vote.
- D. If no single Councilmember received a majority of the votes cast, a second vote/ballot, between the two nominees who received the largest number of votes, would be needed. In the second vote/ballot, whichever of these two nominees received the larger number of votes would be elected to the position of Deputy Mayor.¹

City Council adopt Ordinance No. 6661.

Background Summary:

On September 6, 2017 the Planning Commission held a public hearing, deliberated and voted to forward a recommendation to City Council to adopt amendments to Title 18 of the Auburn City Code as it relates to the methodology used to calculate residential density. Ordinance No. 6661, approving the Planning Commission's recommendation, has been prepared for consideration by City Council. Ordinance No. 6661 was presented to City Council during the December 11, 2017 Council Study Session.

Highlights of Ordinance No. 6661 Include:

1. Shift from utilizing a "Net Site Area" methodology to a "Gross Site Area" methodology.
2. Allow for the administrative decision to waive the requirement to meet minimum density when a lot is encumbered by critical areas, conservation easements, utility easements, or other encumbrances that make it impractical to meet the density requirement.
3. Exempt short subdivisions (9 lot subdivisions or less) from the requirement to meet minimum density.
4. Eliminate the requirement that all subdivisions adhere to a "Minimum Average Lot Area".
5. Reducing the minimum lot size in the R5 zone from 6,000 square feet to 4,500 square feet.

ORD.A

ORDINANCE NO. 6 6 6 1

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, AMENDING TITLE 18, OF THE CITY CODE, RELATING TO THE METHODOLOGY USED TO CALCULATE RESIDENTIAL DENSITY AND THE LOT SIZE STANDARDS WITHIN VARIOUS RESIDENTIAL ZONING DESIGNATIONS.

WHEREAS, the City Council has an ongoing interest to simplify land use decision making, lower City and customer costs, and to take advantage of enhanced efficiencies; and,

WHEREAS, while the City Council strives to implement simplifications and efficiency enhancements, modifications must not sacrifice quality of decision making or public input opportunities; and,

WHEREAS, the City's methodology of utilizing a Net Site Area formula for calculating residential densities has resulted in confusion and inconsistent application for staff and developers, places a heavy burden on a property owner when attempting to determine the lot yield that they can achieve when dividing land, and has resulted in lower density subdivisions than were anticipated in long range planning efforts and when establishing land use designations; and,

WHEREAS, a Gross Site Area formula is intended to provide easier understanding of lot yield, greater clarity and consistency in code application, and to increase the ability for a developer to achieve the density that is envisioned within the underlying zoning designation; and,

WHEREAS, an unintended consequence of establishing minimum density requirements is that smaller lots are difficult to subdivide. Their size, configuration, utility layout, existing development, and surrounding development tend to preclude any subdivision at all. Precluding subdivision of smaller lots is contrary to the City's infill

objectives. Therefore, short plat development requires greater flexibility in order to encourage small lot infill subdivision; and,

WHEREAS, while utilization of a Gross Site Area formula will enhance the ability to achieve maximum densities within a zone, strict application will complicate development proposals on lands that are heavily encumbered by features that preclude development. Parcels that are heavily encumbered with critical areas, BPA powerline easements, or conservation easements may result in very limited remaining land area to develop. Therefore, it is appropriate to establish administrative capabilities that allow for the deviation of minimum density requirements in order to enable further division of the remaining developable lot areas; and,

WHEREAS, the City's requirement that each subdivision achieve an overall average minimum lot size has had little benefit in the final design and function of new residential communities. Additionally, the minimum lot size within the R-5 zone has been a constraining factor when designing new R-5 communities and the ability to achieve maximum density; and,

WHEREAS, the Planning Commission held a publicly advertised meeting on August 8, 2017. The Planning Commission then held a publicly advertised hearing on September 6, 2017. Following public input, the Planning Commission deliberated on the matter and proceeded to vote in favor making a recommendation to City Council approving amendments to Title 18 that revise the methodology for calculating density and for eliminating the requirement that subdivisions incorporate an overall average lot size standard into their layout. The Planning Commission did not vote in favor of staff's recommendation to reduce the minimum lot size in the R-5 zone from 6,000 square feet to 4,500 square feet; and,

WHEREAS, pursuant to RCW 36.70A.106, the draft amendments were transmitted to the Washington State Department of Commerce in order to initiate state agency review. The City did not receive any comments from state agencies; and,

WHEREAS, a SEPA environmental checklist was prepared on July 31, 2017. A SEPA environmental threshold Determination of Non-Significance was issued on August 14, 2017. The August 17, 2017 edition of the Seattle Times provided notification of a 15-day public comment period, 15 day appeal period, and notification of the Planning Commission public hearing. The comment period expired on September 1, 2017, the appeal period expired on September 15, 2017, and the public hearing was held on September 6, 2017; and,

WHEREAS, on December 11, 2017 staff presented the Planning Commission's recommendation to City Council. Staff also presented the portion of the staff recommendation that the Planning Commission voted against; the reduction of the minimum lot size in the R-5 zone from 6,000 square feet to 4,500 square feet. City Council requested that the Planning Commission recommendation be forwarded to City Council for action and that the ordinance also include the staff recommendation to reduce the minimum lot size in the R-5 zone.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF AUBURN,
WASHINGTON, DO ORDAIN as follows:

Section 1. Amendment to City Code. That Section 18.02.065 of the Auburn City Code be and the same hereby is amended to read as follows:

18.02.065 Methods of calculating density.

The permitted number of dwelling units or lots shall be determined as follows:

~~A. Net Site Area. The area of a site used to calculate the allowed number of dwelling units or lots shall exclude those areas designated for public rights-of-way, except for the designation of additional right-of-way along arterials, private streets, vehicle access easements, and on-site public or homeowners' association-maintained recreation space if required.~~

~~Further, the net site area shall be subject to the following adjustments and limitations for critical areas:~~

~~1. Net site areas shall exclude streams, wetlands, fish and wildlife habitat areas, and high landslide hazards; and~~

~~2. Net site area shall include any required critical area buffer, seismic hazards, and flood hazard areas when calculating base density, unless critical areas identified in subsection (A)(1) of this section are present; provided, that net site area shall not include required critical area buffers when calculating minimum density. The allowed number of dwelling units or lots for a site shall be computed by multiplying the net site area of the lot as calculated in this section by the applicable residential base density number found in the development standards for each zone.~~

A. Gross Site Area. The gross site area shall be used to calculate both the minimum and maximum number of allowed dwelling units or lots.

1. When calculations result in a fraction, the fraction shall be rounded to the nearest whole number as follows:

i. Fractions of 0.50 or above shall be rounded up; and

ii. Fractions below 0.50 shall be rounded down.

2. Calculating Base Density. Base density is calculated by multiplying the gross site area by the upper limit of units or lots allowed within the zone. For example, in the R-5 zone, where the density range allows up to 5 dwelling units per acre:

4.3 acre gross site area x 5 units per acre = 21.5 (rounded up to 22)

3. Calculating Minimum Density. Minimum density is calculated by multiplying the gross site area by the lower limit of units or lots allowed within the zone. For example, in the R-5 zone, where the density range allows as few as 4 dwelling units per acre:

4.3 acre gross site area x 4 units per acre = 17.2 (rounded down to 17)

4. Each lot shall meet the requirements established in Chapter 18.07 ACC for lot area, dimensions, setbacks, and other development standards.

5. Where a proposed area for subdivision cannot meet the minimum density due to encumbrance by critical areas, critical area buffers, or other similar types of features the preclude development, the applicant may seek to deviate from the

minimum density which will be reviewed as an administrative decision as part of the subdivision application. If the applicant seeks a variance from the development standards in Chapter 18.07 ACC the variance shall be processed utilizing the provisions of ACC 18.70.010. Alterations of a critical area or its buffer shall be processed in accordance with Chapter 16.01 ACC. Compliance with the density requirements of the underlying zone shall not be used as justification for alteration of a critical area.

~~B. "Base density" refers to the maximum number of dwelling units or lots allowed for a specific zone without application of the bonus density provisions of Chapter 18.25 or 18.49 ACC, expressed as units per net acre. Base densities for residential zones are specified in ACC 18.07.030. The minimum density requirements shall not apply to short plats that are processed under Chapter 17.09 ACC.~~

~~C. "Base units" refers to the number of allowable dwelling units for a site, as determined by multiplying the base density of the zone in which the site is located by the net site area.~~

~~For example, the R-5 zone has a base density of five units per acre; therefore, the maximum number of base units allowed on a lot with 0.6 acres of net site area in the R-5 zone is three units.~~

~~D.~~ Bonus density, where applicable, shall be computed by adding the bonus units authorized by Chapter 18.25 or 18.49 ACC to the base units computed under this section.

~~E. When calculations result in a fraction, the fraction shall be rounded to the nearest whole number as follows:~~

- ~~1. Fractions of 0.50 or above shall be rounded up; and~~
- ~~2. Fractions below 0.50 shall be rounded down.~~

Section 2. Amendment to City Code. That Section 18.04.300 of the Auburn City Code be and the same hereby is amended to read as follows:

14.04.110 Density.

"Density" is a measure of population, housing units, or building area related to land area, and is expressed as a ratio, e.g., one dwelling unit per acre. See ACC 18.02.065 ~~for~~

features that are deducted from site are in the city of Auburn's calculation of density for the methodology for calculating density.

Section 3. Amendment to City Code. That Section 18.07.030 of the Auburn City Code be and the same hereby is amended to read as follows:

- c) Award Updated Cost Estimate
- d) Bid Tabulations

The local agency shall submit progress billings as project costs are incurred to enable TIB to maintain accurate budgeting and fund management. Payment requests may be submitted as often as the RECIPIENT deems necessary, but shall be submitted at least quarterly if billable

amounts are greater than \$50,000. If progress billings are not submitted, large payments may be delayed or scheduled in a payment plan.

5.0 TERM OF AGREEMENT

This Agreement shall be effective upon execution by TIB and shall continue through closeout of the grant or until terminated as provided herein, but shall not exceed 10 years unless amended by the Parties.

6.0 AMENDMENTS

This Agreement may be amended by mutual agreement of the Parties. Such amendments shall not be binding unless they are in writing and signed by persons authorized to bind each of the Parties.

7.0 ASSIGNMENT

The RECIPIENT shall not assign or transfer its rights, benefits, or obligations under this Agreement without the prior written consent of TIB. The RECIPIENT is deemed to consent to assignment of this Agreement by TIB to a successor entity. Such consent shall not constitute a waiver of the RECIPIENT's other rights under this Agreement.

8.0 GOVERNANCE & VENUE

This Agreement shall be construed and interpreted in accordance with the laws of the state of Washington and venue of any action brought hereunder shall be in the Superior Court for Thurston County.

9.0 DEFAULT AND TERMINATION

9.1 NON-COMPLIANCE

- a) In the event TIB determines, in its sole discretion, the RECIPIENT has failed to comply with the terms and conditions of this Agreement, TIB shall notify the RECIPIENT, in writing, of the non-compliance.
- b) In response to the notice, RECIPIENT shall provide a written response within 10 business days of receipt of TIB's notice of non-compliance, which should include either a detailed plan to correct the non-compliance, a request to amend the Project, or a denial accompanied by supporting details.
- c) TIB will provide 30 days for RECIPIENT to make reasonable progress toward compliance pursuant to its plan to correct or implement its amendment to the Project.
- d) Should RECIPIENT dispute non-compliance, TIB will investigate the dispute and may withhold further payments or prohibit the RECIPIENT from incurring additional reimbursable costs during the investigation.

9.2 DEFAULT

RECIPIENT may be considered in default if TIB determines, in its sole discretion, that:

- a) RECIPIENT is not making reasonable progress toward correction and compliance.
- b) TIB denies the RECIPIENT's request to amend the Project.
- c) After investigation TIB confirms RECIPIENT'S non-compliance.

TIB reserves the right to order RECIPIENT to immediately stop work on the Project and TIB may stop Project payments until the requested corrections have been made or the Agreement has been terminated.

9.3 TERMINATION

- a) In the event of default by the RECIPIENT as determined pursuant to Section 9.2, TIB shall serve RECIPIENT with a written notice of termination of this Agreement, which shall be served in person, by email or by certified letter. Upon service of notice of termination, the RECIPIENT shall immediately stop work and/or take such action as may be directed by TIB.
- b) In the event of default and/or termination by either PARTY, the RECIPIENT may be liable for damages as authorized by law including, but not limited to, repayment of grant funds.
- c) The rights and remedies of TIB provided in the AGREEMENT are not exclusive and are in addition to any other rights and remedies provided by law.

9.4 TERMINATION FOR NECESSITY

TIB may, with ten (10) days written notice, terminate this Agreement, in whole or in part, because funds are no longer available for the purpose of meeting TIB's obligations. If this Agreement is so terminated, TIB shall be liable only for payment required under this Agreement for performance rendered or costs incurred prior to the effective date of termination.

10.0 USE OF TIB GRANT FUNDS

TIB grant funds come from Motor Vehicle Fuel Tax revenue. Any use of these funds for anything other than highway or roadway system improvements is prohibited and shall subject the RECIPIENT to the terms, conditions and remedies set forth in Section 9. If Right of Way is purchased using TIB funds, and some or all of the Right of Way is subsequently sold, proceeds from the sale must be deposited into the RECIPIENT's motor vehicle fund and used for a motor vehicle purpose.

11.0 INCREASE OR DECREASE IN TIB GRANT FUNDS

At Bid Award and Contract Completion, RECIPIENT may request an increase in the TIB funds for the specific project. Requests must be made in writing and will be considered by TIB and awarded at the sole discretion of TIB. All increase requests must be made pursuant to WAC 479-05-202 and/or WAC 479-01-060. If an increase is denied, the recipient shall be liable for costs incurred in excess of the grant amount. In the event that final costs related to the specific project are less than the initial grant award, TIB funds will be decreased and/or refunded to TIB in a manner that maintains the original ratio between TIB funds and total project costs.

12.0 INDEPENDENT CAPACITY

The RECIPIENT shall be deemed an independent contractor for all purposes and the employees of the RECIPIENT or any of its contractors, subcontractors, and employees thereof shall not in any manner be deemed employees of TIB.

13.0 INDEMNIFICATION AND HOLD HARMLESS

The PARTIES agree to the following:

Each of the PARTIES, shall protect, defend, indemnify, and save harmless the other PARTY, its officers, officials, employees, and agents, while acting within the scope of their employment as such, from any and all costs, claims, judgment, and/or awards of damages, arising out of, or in any way resulting from, that PARTY's own negligent acts or omissions which may arise in connection with its performance under this Agreement. No PARTY will be required to indemnify, defend, or save harmless the other PARTY if the claim, suit, or action for injuries, death, or damages is caused by the sole negligence of the other PARTY. Where such claims, suits, or actions result from the concurrent negligence of the PARTIES, the indemnity provisions provided herein shall be valid and enforceable only to the extent of a PARTY's own negligence. Each of the PARTIES agrees that its obligations under this subparagraph extend to any claim, demand and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, each of the PARTIES, by mutual negotiation, hereby waives, with respect to the other PARTY only, any immunity that would otherwise be available to it against such claims under the Industrial Insurance provision of Title 51 RCW. In any action to enforce the provisions of the Section, the prevailing PARTY shall be entitled to recover its reasonable attorney's fees and costs incurred from the other PARTY. The obligations of this Section shall survive termination of this Agreement.

14.0 DISPUTE RESOLUTION

- a) The PARTIES shall make good faith efforts to quickly and collaboratively resolve any dispute arising under or in connection with this AGREEMENT. The dispute resolution process outlined in this Section applies to disputes arising under or in connection with the terms of this AGREEMENT.
- b) Informal Resolution. The PARTIES shall use their best efforts to resolve disputes promptly and at the lowest organizational level.
- c) In the event that the PARTIES are unable to resolve the dispute, the PARTIES shall submit the matter to non-binding mediation facilitated by a mutually agreed upon mediator. The PARTIES shall share equally in the cost of the mediator.
- d) Each PARTY agrees to compromise to the fullest extent possible in resolving the dispute in order to avoid delays or additional incurred cost to the Project.
- e) The PARTIES agree that they shall have no right to seek relief in a court of law until and unless the Dispute Resolution process has been exhausted.

15.0 ENTIRE AGREEMENT

This Agreement, together with the RECIPIENT'S Grant Application, the provisions of chapter 47.26 Revised Code of Washington, the provisions of title 479 Washington Administrative Code, and TIB Policies, constitutes the entire agreement between the PARTIES and supersedes all previous written or oral agreements between the PARTIES.

16.0 RECORDS MAINTENANCE

The RECIPIENT shall maintain books, records, documents, data and other evidence relating to this Agreement and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement. RECIPIENT shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the Agreement shall be subject at all reasonable times to inspection, review or audit by TIB personnel duly authorized by TIB, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.
