City Council review and approve Ordinance No. 6690

Background Summary:

The City of Auburn provides water, sewer, and stormwater services to its utility customers. In 2017, the City contracted with FCS Group to perform a Water, Sewer, and Stormwater Rate Study to review the adequacy of existing rates and to propose new rates as appropriate.

In April, FCS presented elements of the study that had been completed to date, including revenue requirements and the cost of service analysis for each utility, as well as proposed considerations for rate design.

In June 2018, FCS provided specific retail rate proposals for each utility covering the period 2019 through 2022 and discussed the proposed modifications to existing rate structures that will enhance rate equity among customers and address other ratemaking criteria such as revenue stability and efficiency of use. At that time, Council provided guidance as to its preferred rate options, which have then been incorporated into proposed Ordinance #6690.

In addition, FCS recently completed an analysis of the City's wholesale water rates. The proposed ordinance includes the recommended wholesale water rates. Changes to these rates will be discussed at this study session.

Administrative Recommendation:**Background Summary:**

The purpose of this ordinance is to amend Ordinance No. 6677. Ordinance No. 6677 implemented the creation of an open space zoning district within the Auburn Zoning Ordinance and the City Zoning Map to be consistent with the 2015 Comprehensive Plan. Ordinance No. 6677 contained a map amendment exhibit that depicts the parcels to be zoned open space. However, the exhibit was not specifically referenced in the Ordinance language. Therefore, an amendment to Ordinance No. 6677 is required to formally adopt the open space zoning map amendment and thereby amend the City Zoning Map.

History of Ordinance No. 6677:

The purpose of Ordinance No. 6677 was to establish an open space-zoning district to implement the Open Space land use designation. Through Ordinance No. 6584 (adopted December 14, 2015), the City of Auburn adopted a new Comprehensive Plan at the end of 2015 that included a new land use map designation of "Open Space". Under the existing Comprehensive Plan document structure, each Comprehensive Plan land use designation is implemented by at least one zoning district (zone) that addresses the allowed uses and the zoning development standards. Ordinance No. 6677 was reviewed by the City Council at the February 12, 2018 study session and adopted on February 20, 2018, at the regular City Council meeting.

Schedule Ordinance No. 6691 for action by City Council at the regular meeting on October 1, 2018.

WHEREAS, by Ordinance No. 6584, on December 14, 2015 the City of Auburn adopted a new Comprehensive Plan that establishes a new land use map designation of "Open Space" by map and text; and

WHEREAS, under the existing comprehensive plan document structure, each Comprehensive Plan land use designation is implemented by at least one zoning district (zone) that addresses the allowed uses and the zoning development standards. Currently, there is no implementing Open Space zoning district in the Auburn City Code; and

WHEREAS, the purpose of this amendment to the City zoning code and zoning map is to create a zoning district that implements the Open Space Land Use Designation of the Comprehensive Plan Map; and

WHEREAS, pursuant to RCW 36.70A the proposed code language was transmitted to the Washington State Department of Commerce on April 20, 2017. The transmittal initiated the 60-day state agency review period. The 60-day state agency comment period expired on June 19, 2017. The City did not receive any state agency comments.

WHEREAS, the code amendment was subject to environmental review process under the Washington State Environmental Policy Act (SEPA). A Determination of Non-

Significance (DNS) was issued June 13, 2017 and the City observed a fifteen-day public comment period; and

WHEREAS, the Planning Commission reviewed the code and map amendment and duly deliberated the effect of the text and map amendment on public and private property owners at its December 6, 2016, January 4, 2017, March 7, 2017, and April 4, 2017 Planning Commission meetings; and

WHEREAS, per Auburn City Code Section 18.01.050, adopted under Ordinance No. 6667 (on December 18, 2017) the City of Auburn recognizes and acknowledges that

the Muckleshoot Indian Tribe has jurisdiction and land use control over "Indian Lands". The designation of city zoning and land use regulations that might appear to affect any Indian Lands does not, and is not intended to, usurp or exercise land use control over such lands. Any such city regulations are intended to identify what zoning or land-use provisions would apply to such lands were they not under Indian jurisdiction, or were the land to change in ownership or jurisdictional character. Until those circumstances change for such lands, the city regulations shall be for informational purposes only; and

C. The intent statement for each zone set forth in this title shall be used to guide the application of the zones to all lands in the City of Auburn. The intent statements shall guide interpretation and application of land use regulations within the zones, and any change to the range of allowed uses within each zone through amendment to this title. (Ord. 6245 § 2, 2009.)

Section 2. Amendment to City Code. That Section 18.35.020 of the Auburn

City Code is amended to read as follows:

18.35.020 Intent of special purpose zones.

A. General. This section describes the intent for each of the city's special purpose zones. These intent statements may be used to guide the interpretation of the regulations associated with each zone.

B. RO and RO-H Residential Office and Residential Office-Hospital Zone. The RO and RO-H is intended primarily to accommodate small-scale business and professional offices, medical and dental clinics, and banks and similar financial institutions at locations where they are compatible with residential uses. Some retail and personal services may be permitted if supplemental to the other uses allowed in the zone. This zone is intended for those areas that are in transition from residential to commercial uses along arterials or near the hospital. Conversion of residential uses to commercial uses is geared towards encouraging adaptive re-use of existing single-family structures that continue to appear in accord with the single-family residential character. The RO-H designation is to be used exclusively for the hospital area, located in the vicinity of 2nd Street NE and Auburn Avenue, and is intended to be used for medical and related uses and those uses compatible with the medical community

C. P-1 Public Use Zone. The P-1 zone is intended to provide for the appropriate location and development of public uses that serve the cultural, educational, recreational, and public service needs of the community.

D. I Institutional Zone. The I zone is intended to provide an area wherein educational, governmental, theological, recreational, cultural and other public and quasi-public uses may be allowed to develop. It is further intended these areas be significant in scope which will allow a combination of uses which may not be permitted outright within other zones. This district is not intended to include those smaller or singular public uses which are consistent with and permitted in other zones.

E. OS Open Space Zone. The OS zone is intended to provide for land uses that tend to be managed in a largely undeveloped character, including passive parks,

watersheds, natural and urban conservancy shoreline areas, significant wildlife habitats, large stormwater detention ponds or floodplain ponds, utility corridors with public access, and areas with significant development restrictions. Park lands included in the Open Space zone tends to be predominately passive in character and with relatively fewer developed facilities than parks included in the Institutional zone. Private sites containing critical areas or shorelines may be included. (Ord. 6434 § 1, 2012.)

Code be and the same hereby is amended to read as follows:

Background Summary:

In the spring of 2018, the 17 Human Services Funding Collaborative (HSFC) cities accepted requests for human services funding using one common application. The application process for 2019-2020 funding was open March 5 - April 10. Human Services funds are designated for the biennial, competitive human services fund application cycle and other supportive programs in Auburn. After evaluating all submissions the Human Services Committee selects programs and provides recommendations based on how much the programs requested, their applications, the needs the programs meet in the Auburn community and the amount of funds available through the general fund.
